# RAQUEL DE BIASE
## FROND-END DEVELOPER

With three years of experience crafting engaging and intuitive digital experiences, I am committed to industry best practices, consistently prioritizing clean and efficient code. My academic background has fueled my deep passion for both information science and the visual arts, and I believe web development is a harmonious blend of these two disciplines.

I am dedicated to continuous learning and refining my programming skills, always striving to adopt best practices and maintain clear, effective communication within the tech field.

## SKILLS

- HTML5
- CSS3
- JavaScript
- TypeScript
- PHP
- Ruby

- React Js
- Next Js
- Angular
- Git
- Figma
- Ruby on Rails

---

## EDUCATION

### FRONT END DEVELOPER
EDIT. - Disruptive Digital Education

Lisbon | 2021 - 2022

### BACHALOR IN MUSEOLOGY

Federal University of Estate of Rio de Janeiro

Rio de Janeiro | 2007 - 2011

---

## EXPERIENCE

### FREELANCER
fev - 2024

I develop robust and dynamic web applications as a freelancer, utilizing modern technologies such as Angular, React.js, TypeScript, JavaScript, Rails and Next.js. I manage code and collaborate on projects via GitHub, ensuring seamless integration and deployment using Vercel and Firebase. My expertise extends to implementing secure authentication systems and optimizing performance.

### FRONT END DEVELOPER

LPM Comunicação | nov 2022 - fev 2024

I specialize in developing web applications, leveraging HTML, CSS, SCSS, JavaScript, and PHP, along with various libraries, frameworks, and CMSs tailored to the specific needs of each project. I manage code versioning on GitLab and collaborate closely with the design team, using tools like Figma to ensure both the visual and functional excellence of our projects.

### DATA ANALYST

Accenture | jan 2022 - nov 2022

Working with data analysts for a specific client, aiming to enhance algorithms through research tools and databases.
